“ david oreno Molested me for years from 2nd grade to 6th grade then it was on to a different young boy for him. He ruined my life and my relationship with my brothers and family.. I am so happy that this evil man is dead! This means that I can wake up everyday and not think about wanting to blow his brains out and i can try and move on with my life and let the hatred go from my body. I am very thankful for that. He ruined my life and my relationship with my brothers and family. I was approached by the police in 1986 and gave testimony of oreno molesting me. He ultimately took a plea on 1 count of sodomy of a child (not me) and was sentenced to 5 years to life. He served 11 years in Utah state prison, but myself and all the other victims were left to fend for ourselves and never received counseling or anything else. He has 100's of victims and deserved every year he received in jail. I am so sorry that I did not have the courage to go to the police on my own but am happy that my testimony helped put him in prison. I can now try to pick up the pieces of my life.

“ Oreno sexually assaulted me for several years. He took away my innocence, my child hood, my self esteem. From the time he was released from prison for conviction of child sexual abuse, I hope his life was miserable, lonely, dark. That would only be the start of what his countless victims have gone through.

“ Loice Ann---I don't know if you remember me, but I taught school with you and Dave at Stansbury Elementary School. I have wondered about you and Dave and Challi for many years. I just recently read Dave's obituary; I was not aware that he had passed away. I lost my husband to illness two years ago, so I know how it is to lose a husband, and my heart goes out to you. I have very fond memories of you and Dave; both of you were always very kind to me. My love to you and your family.
