“ I met George years ago when he helped me set up the website at work. We developed an instant friendship that grew over the years. I regret that I lost touch with him these last couple years, but I'm glad to read in other posts that he was happier than he'd ever been. He taught me much, and I will forever cherish the fires and the long conversations.

George, you'll always hold a special place in my heart. 'Til we meet again, my friend...###imported-begin##Barbara Speelman###imported-end##

“ We were only months apart in age with me being the elder. You would catch me in March and I would pass you again each November.

Our last face to face conversation was at your Grandfathers funeral. You left me laughing as we visited about things. You were curious about my father and the name heritage of your birth. You talked with passion about your desire to reclaim your name. I marveled at how many charecteristics of you own father Geo II. you displayed.

The ensuring years have quickly passed with little conversation between us. Since I spend little time with social media we rarely talked. I do remember the last time we did and again you left me laughing.

Time once again has closed a door but at a later date it will swing open. May the peace of God that passes all understanding surround you and the family in the days ahead.

With many memories.

“ to the family - i knew george through business for over a decade...i 1st met him in florida prior to nvi and then became a customer, and i'd like to think a friend..he was a tech mentor to me and always had time for me, although he couldn't understand why i couldn't get it when it seemed to easy to him..i likened him to a gruff teddy bear...although we have not had direct contact for the past few years i would occasionally talk to my wife about him as she was aware of how i felt about him...may his memory be for a blessing to you his family - peter levine##imported-begin##peter levine##imported-end##

“ Ah, my beloved Georgie.

My first knowledge of you was when I was 7, and you were proudly introduced to the world, beloved Georgie. You are the first of the nephews and neices on your Father's George James Morgan, Jr's side.

Immediately upon learning of your birth, you became one of the "God Bless iterations nightly at my bedside and have remained so all these years. Now, God the 3 in 1 is "blessing you up close and personal" My life-long remembrance habit has not ceased nor will it, because I know you have walked on from my sight, but not from Spirit, just TO Spirit.

It was my deep, DEEP joy to Facebook with you for the last time on 2/13/2012, the day prior to Valentine's Day 2012. You were just so bubbly with joy over your new nesting experience with precious Kim, and so so proud of your children. You especially spoke to your youngest, Makayla's multi-lingual skills and brilliance, with such pride. You overflowed with as you spoke of music and family love and obvious delight and connection with all family in your Ohio and Tennessee life here in earth plane.

*This little Memory Box can no more contain what all I feel nor wish to express than the cloudy wisps written in the blue sky overhead can skywrite it all. I was so looking forward to more laughter and sharing via e*connectivity, and so I heart treasure even more what we did share.*

My heart has been heavy and the tears have flowed freely and unexpectedly throughout my days and nights since you walked on. However, I know you've walked on and are now safely in the arms of your much loved Grandfather George James Morgan, Sr who was absolutely STRUTTING with pride and happiness that you arrived and carried on his name and his bloodline. Yes, he has walked on before, as well as your earthly Dad, Garth Maynard, may

they all rest in peace. Two Giants amongst Godly men.

So, I'll close this small tribute with the way we ended our FB chat a mere 3 weeks ago, with the same closing ritual we created:

"I so look forward to our next connection, Georgie. Let's just put a comma here, okay? " You quickly and heartily agreed.

And, then my last earthly words to you were, yes, some 60 years later of God Blesses, the Morgan family tradition end of day ritual as our heads hit the pillow everynight, always from the lips of your Grandfather George,

..... "nitey-night."

I Love You, dearheart. ##imported-begin##Youngest Paternal Aunt Rosey Morgan##imported-end##

“George you will be missed, I've known George about 5 years. I can remember many nights and early morning working and discussing servers and code. George was a free sprit and one of the smartest IT Administrators and code writers I've had the pleasure to work with.

“ George has a truly beautiful spirit. Although I will miss him, his memory will always be with me and his spirit will go on through the many people he loved. He did so much to further my music career and each time I would try to say thanks, he would always say, "Thank you for allowing me to help you." Gagi (as I had finally gotten used to calling him) I will miss you, brother.##imported-begin##Stan Gibert##imported-end##

“ George started working at Echota in 2007....He just kind of quietly worked his way into all of our hearts. A few things I remember the most about George are his laugh and the way he seemed to just appear out of nowhere. He had a quiet, calm way about him that not very many people have. It was truly a pleasure to have met someone like him.....He will be missed.##imported-begin##Kathe Willings##imported-end##

“ George will be missed by many. At least I have had the pleasure of knowing George in this life. Through the years we have worked on many projects together in which George has been involved. An intelligent man with a passion for heritage and family will be in all of our thoughts for years to come. May you R.I.P. George until we meet again.##imported-begin##Tim Badger##imported-end##

“ I have had the pleasure of working with George for the past 4+ years or so at Echota/Deerstar. I have shared many good times and conversations with him over these past few years as we became friends. We had our regular morning chat everyday, and I miss that. Always positive, always cheerful. I am thankful for the brief time we knew each other. I will miss him.##imported-begin##Nate Holder##imported-end##

“ I had the pleasure to get to know George a few years ago when his son Nevin was a student in my music class at Edgewood Middle School. George visited to tell us about native American music. We soon found that we shared a love of the guitar, classic rock and the blues. He has been kind enough to visit our guitar club from time to time, offering his insight to young and hopeful players who also share this love. Makayla, his daughter is a member of the club and shows much of her Dad's enthusiasm. George will be missed, but not forgotten.##imported-begin##James Weiser##imported-end##

“ What a shock to see George's obituary in the paper this morning. I recognized his picture despite the sunglasses; I met him a couple of times at Cornerstone Elementary ten years or so ago. He and I talked for a while about his pride in his heritage and in his sons. I know two of those sons. My heart goes out to the family.##imported-begin##James Foley##imported-end##
