As Jack wished there will be no calling hours or other services. Jack always said "if you wanted to see me... you should come when I was alive" That was Jack!

Custer Glenn Funeral Home in Wooster is honored with serving the family. Words of comfort may be shared at [www.custerglenn.com](http://www.custerglenn.com).

Trucker, Trucker - you're so nice. You leave your home and your wife. To go off on the highway- so long and lean

And everyone you meet seems to be mean. The public doesn't know you like they should

Cause everything you haul is for their good.

We know the load you bear is always handled with the utmost care

Food, clothing, and shelter too.

All of these things are delivered by you.

You know people are waiting and you cannot be late.

Because your boss got ahead of you and gave 'em an early date. The scales are waiting just up ahead. WHOO...we know this is something you dread.

Never fret- you did it right Cause all of a sudden you get a green light.

With all this in mind and you near this haul's end,

We want you to know that we're your friend.

“ I posted a bunch of pictures of him ..... don't know what happened to them. I think I pushed the wrong button on my keyboard. Sorry, Jack.....I know you are probably laughing about it right now. Miss you so much.....words can never say how much. I was so in love with you.....think of you everyday & all the fun we had riding & just sitting on the swing & talking for hours. You were one in a million. Only wish we had met (like you always said.....50 years ago). We were meant for each other in so many ways. I'll always love you.....
