“ Dean and I feel that we've lost an important part of the history of our lives. We are sorry to learn of Vivan's death but remember with such warmth the kindness and concern that both she and your Dad gave to our lives.

On our mantle sits the red Christmas sleigh that Pete made for our son's first Christmas. We remember the wonderful breakfasts that Vivian would put together whenever we returned to Rock Falls for a visit. She was such fun and ever so interesting. The Rock Falls church was made complete by their love, concern and generosity.

Our sympathies to each of you but rejoice that you had such wonderfully unique parents.##imported-begin##Dean and JoAnn Chasteen##imported-end##

“ *Your entire family will be in our prayers...it is never easy to lose a parent. When my mom died, it was helpful to me just to concentrate on all the wonderful memories...*

Also, like my mother, your mom had a wonderful life and one that you can treasure forever.
